

As you know, the Christmas survey that was put out in the fall came back saying there would be no official Christmas demo. That being said, we know that you still want to see your children dance. We are going to do tiny previews of what each class has been working on using the theatre. Each teacher has a different day for their Christmas class preview .

The following will explain how it works, your time(s) is listed below. Please note that everyone we will be meeting in the upstairs theatre including dancers (Please show up in regular dance attire). Everyone will sit in the theatre seats and your teacher will call up the classes individually to perform one of their dances. Dancers will then make their way from their seats to the stage. Please stay and watch the rest of the class demos as a courtesy to the other dancers, we anticipate these will take 30-45 mins . Entrance is going to be by donation only; you will not need any tickets. Please invite some of your family members to watch your dancers perform.

Please see the following schedule below so you know time and date for your teachers classes. Please try to arrive 10 - 15 minutes early so we can get started on time.

Monday Dec 16 @ 6:30 pm - Ms Karen's Monday and Friday classes
